

Diagram of a 42U server rack layout. The rack is divided into three main sections. The left section is labeled "UPS 1600 VA Rack" and contains three vertical slots. The middle section contains three vertical slots labeled "30cm 4200 28 port", "30cm 4200 28 port", and "30cm 4200 28 port". The right section contains a series of vertical slots, including three labeled "30cm 4200 28 port" and several unlabeled slots. The rack is shown with a front panel and a rear panel.
